PERSONAL VALUES

As a person, I place a high value on empathy and genuinely care about my colleagues. I am known for my kind and active nature, always bringing a smile to others' faces.

I am dedicated to my job and am responsible for all tasks as a designer very seriously. I am willing to learn new skills and take feedback to advance in my career as well. I graduated a Master's Degree in Computer Security and Forensic Administration and Bachelor of Digital Media Design. I am particularly interested in working in the same field. I believe that I have enough specialized skills to be in charge of a job and complete them satisfactorily.
